News from Oslo Medtech Members

Falck Igel changes name to Abilia!

Oslo Medtech member Falck Igel has changed their name to Abilia. The namechange comes as a result of the merger between Falck Igel and Gewa AB in Sweden. The company's products are aids for people with cognitive-, communications-, and physical function disorders. Read more about the merger and Abilia here: www.oslomedtech.no/News

Upcoming events – Oslo Medtech 2010

Boston and Minneapolis on the agenda – 11th March and April 2010

Innovation Norway invites Norwegian Medtech and health ICT companies to Boston and Minneapolis 18.- 23. April. The objective of the initiative is to inspire and add competence to Norwegian companies in their struggle to commercialize healthcare technology and products in the US, understand the opportunities and hurdles for innovation in healthcare, and help Norwegian companies build relations towards the US market, R&D institutions and venture capital. Please read more about the event at Innovation Norways website http://www.innovationnorway.no/boston

Preparation of one-on-one meetings for you in Boston and Minneapolis
To increase the value of the trip for the companies, Innovation Norway/Boston invites potential participants to an "open-day", on the **11th of March** in Innovation Norway's offices in Oslo, Akersgata. Here there will be an opportunity to discuss, arrange and prepare, ahead of the trip, important one-on-one meetings with US companies and contacts in Boston and Minneapolis in April. If this is of interest, please make contact with Oslo Medtech, or directly to Innovation Norway:
Ole Johan Borge, IN OSAK, olbor@innovationnorway.no ,+47 97500583
Sander Tufte, IN Boston, satuf@innovationnorway.no ,+16178183900

China on the agenda

On February 12th, Oslo Medtech in cooperation with the Arena-clusters MedITNor, IKT Grenland and Innovation Norway, arranged an information meeting about possible medtech and Health-ICT market opportunities in China. Around 40 companies attended, all interested in the emerging Chinese market.

As a follow up, Innovation Norway, in cooperation with Oslo Medtech and the other clusters, invite Norwegian Medtech and Health ICT companies to attend and be partner in the planning of a Norwegian Expo for medtech and health ICT in China in September during the World Expo in Shanghai.

Time for the Norwegian Expo: September 1st – 30th, main activities September 8th – 15th 2010
Place: Nordic Light House, Shanghai

Please see the website for more information: www.oslomedtech.no

Are you interested in attending? Please make contact with Oslo Medtech by;
